Management academic with 25+ years in teaching, research, mentoring, administration, and consulting. I teach management, marketing, tourism management, market research, and services marketing, with a strong emphasis on market research methods, digital marketing and marketing analytics. My research focuses on the sustainability, resilience, and digitalisation of service sectors, using data-driven approaches to enhance service quality and operational performance. I contribute to programme leadership, curriculum and assessment design, moderation, and quality assurance, and I support lifelong learning and flexible delivery. I also bring proven experience in student advising, pastoral care, and the effective use of virtual learning environments.
